## ADDENDUM I

### WILLIAMSON COUNTY SCHOOLS RFB # 1332

#### Door & Window Laminate Safety & Security Film

THIS ADDENDUM IS BEING DISTRIBUTED at 4:30 pm on November 2, 2023.

All potential bidders who have been solicited  
on this project have been copied on this Addendum I.

A potential bidder for the Door & Window Laminate Safety & Security Film project has asked a few questions concerning the specifications of the project. Below is a list of the questions that were asked and answers for each one listed.

**Question:** Does the structural sealant get installed to both the interior and exterior? Often with a double application of film only the interior receives this attachment system.

**Answer:** Sealant to be installed on both interior and exterior.

**Question:** Would this be for replacement window/doors? (or one pane here and there as needed)

**Answer:** Any glass not currently covered, to include replacements glass on windows/doors. We have some glass (windows/doors) that have been replaced since the beginning of the project 5 years ago, these were previously covered with security laminate, since replacement the security laminate needs to be replaced.

**Question:** What are the height requirements for film installation (ie, up to 8 feet above grade or all ground floor regardless of height)? We need this information to allow for ladder work in our pricing.

**Answer:** Height requirements for film installation is all ground floor regardless of height.

**Question:** Does WCS want tinted options for both interior and exterior, it is more common to tint just the interior film and not both.

**Answer:** WCS requires tint options for both interior and exterior sections.
