ADDENDUM II
RFB #1358
WILLIAMSON COUNTY SCHOOLS
Security Communications Infrastructure Improvements
Released: November 7, 2024, at 3:00 p.m.

This Addendum II serves as an integral part of WCS-RFB #1358 Security Communications Infrastructure Improvements as certain terms, conditions or specifications have been enhanced or modified.

- There was a typo on the release date in the heading on Addendum I that stated it was released on November 6, 2025, but was released yesterday, November 6, 2024, at 1:00 p.m.
- Pertaining to QUESTION: Channel Pair Sharing: Are schools sharing channel pairs, and does this align with FCC compliance? Please provide more detailed requirements or expectations to ensure FCC compliance is maintained throughout the project.
ANSWER: Project should be coordinated through the frequency coordinator through APCO and FCC.

CLARIFICATION: Since the project will most likely be utilizing the Business allotted frequencies, APCO may not be involved as they have been in the past. John Johnson will be using the appropriate frequency coordinator for the designated service needed.

- Pertaining to QUESTION: Response Time Requirements: Page 4 mentions a two-hour response time, while Page 5 requires a one-hour response time. Could you clarify which timeframe applies and if this response is required 24/7? Is this timeline for post installation response and responding as such to normal or potential call outs for service?
ANSWER: The following amendment shall apply...Strike previous language about response time...The new and amended response time shall be 2.5 hours (post installation) Mon – Fri, 7:30 a.m. – 5:00 p.m.

AMENDED: The new and amended response time shall be 1.5 hours (post installation) Mon – Fri, 7:30 a.m. – 5:00 p.m.

- WCS is adding an additional bid cost factor to the bid cover page that is for 100% full Payment, Performance, Labor and Materials Bond. All bidders must include this factor on their submittals. WCS reserves the right to accept or reject the PPLM feature of this bid project.

BIDDERS: DISCARD THE ORIGINAL BID COVER PAGE AND REPLACE WITH THE UPDATED/AMENDED BID COVER PAGE ATTACHED TO THIS ADDENDUM II. DO NOT SUBMIT THE INCORRECT – ORIGINAL COVER PAGE. ONLY BID SUBMITTALS THAT CONTAIN THIS UPDATED/AMENDED COVER PAGE FROM THIS ADDENDUM II WILL BE ACCEPTED.

Unless otherwise noted, all previous terms, conditions, and specifications shall remain the same. The bid opening date will remain the same, Tuesday, November 19, 2024, at 10:30 a.m.

UPDATED/AMENDED WCS BID COVER PAGE
RFB #1358
Security Communications Infrastructure Improvements

I, _____ (Print Name), _____ (Title),

_____ (Signature) _____ (Date), verify that I have carefully read the specifications, terms, conditions, and instructions contained within this document and that I understand, acknowledge, and agree to all the language set forth in this document. By signing this document and submitting my bid in a sealed envelope to Williamson County Schools, I fully acknowledge, understand, and accept the language contained within this RFB document.

Notice to Bidder – *If you find any of the language, terms, conditions, or specifications unacceptable – then please do not bid or submit a bid package for this project.*

Bidder Company Name: _____

Address: _____

Phone Number: _____

Email: _____

Base Bid: Provide a UHF repeater capable of dual mode, analog and digital. Without the need to make any physical setting to alternate between modes. The supplied repeater must be compatible with the Kenwood DASS (DMR Auto Slot Selection) function as this will apply to future system migration upgrades. An antenna system specifically designed to provide superior in building coverage as well as the surrounding campus area without producing long range coverage that would possibly cause interference with adjacent school campuses that may have to share the same channel pair. All necessary power supplies, duplexers, cabling, antennas, surge suppressors/grounding and mounting hardware will be supplied as part of the school system package. Installation will be a fixed price per school.

Understanding that some installs may require more advanced design, the pricing for each school shall be the same for budget purposes and will include 100% installation (all materials, supplies, equipment, and labor) at the approved site listed on the Purchase Order.

Cost for each individual school location \$ _____

Above dollar amount x 50 locations \$ _____

Licensing Agent Fee \$ _____

Grand Total for 50 locations including Licensing Fee \$ _____

Cost factor for 100% PPLM Bond for this entire bid project.
Bidders are to fill in the blank with the added cost of the PPLM
Bond that is factored into the bid. WCS reserves the right
to accept or reject this PPLM Bond portion of the bid. \$ _____
