BIDDERS ARE LISTED.**

The bid opening will take place Tuesday, March 24, 2026 at 2:30 pm

1. Do we really need a BATD?

ANSWER: Yes - we would like to have a Basic Aviation Training Device, or even an AATD

2. Who will be using it to actually log time?

ANSWER: The students who are working toward their PPL or currently hold their PPL and want to get their 2.5 hours of log able flight time.

3. The simulator we use run Lockheed Martin's Prepar3D global flight package and our tutored learning mission operate in that environment. Our curriculums are capable of 8 week full semester cycle and are used in classroom labs is this what you are looking for?

ANSWER: I would want to see the costs associated with the different curriculum because the flight simulators WILL BE USED TO SUPPLEMENT THE AOPA CURRICULUM.
