

Addendum #2 for WCS RFB #1409 Hazardous Waste Collection and Removal

As noted herein, certain specifications, terms and conditions of the original RFB #1409 are modified, updated or clarified. Unless specifically noted, all other specifications, terms and conditions from the original RFP document shall remain the same.

The electronic bid opening deadline has been **extended**..... Bidders are advised to strike / delete the original deadline of Thursday, 05/14/26 at 10:00am.

The new bid opening time shall be Monday, 05/18/2026 at 10:00am..... Again, bidders are advised to not wait until the last minute to email your bids. WCS encounters frequent network traffic which may slow down your emailed bid response. Any bids received after the new stated time of 10:00am on Monday, 05/18/2026 will not be accepted. So, ensure that your emailed bid submission is received in the WCS Purchasing Dept by or before the new deadline of 10:00am on Monday, 05/18/26.

Submit bids to kirke@wcs.edu and do not copy any other email addresses – in order to ensure a confidential and secure bid process.
