**NOTICE: Please note the change in this sentence below.**

On page 13, Second Paragraph,

All proposals shall be in accordance with the instructions to ~~proposers~~ and specifications as attached. Specifications are intended to be open and non-restrictive. **A copy of the Nutrition Facts label and ingredient statement must be included with the proposal.** Estimated usages are given for each item. The estimated usages do not indicate the actual quantity which will be ordered, since such volume will depend upon requirements which develop during the contract period. Estimated usages are based on last year's purchases and are estimated for the contract period. For new/never used item's estimated usage, the amount is a projected amount based on anticipated acceptance by students. Inclusion of items on bid does not guarantee purchase.

The sentence highlighted in yellow, needs to be changed to say.....

“ A copy of the Nutrition Facts Label and ingredient statement must be **available upon request**”

We do not need the bidders to include all this information at time of the bid. We just need access to this information if and when we need it.

Thank you, we apologize for any inconvenience this may have caused.
