 RE: Purchasing Report

Contains bid projects for the month of August 2020

The following is a summary of pertinent bid data for inclusion with the Board Materials to be reviewed at the next meeting. The summary is an order of ascending bid sequence numbers and not necessarily by date. Pursuant to Board Policy, this summary reports recent RFB's (Requests for Bids) and RFP's (Requests for Proposals) that were administered by the WCS Purchasing Department. As always, any purchasing – bid project that may require Board action should appear on the Board Agenda. The projects listed below do not require Board action at the present time and are listed here for your information. If further details are needed, please contact the Purchasing Department to review any of the related bid – project files. In addition to the projects listed in this monthly report, the WCS Purchasing Department continues to review, approve, and process numerous daily purchase orders that encompass day-to-day operations as well as negotiate renewals of previously bid contracts.

RFB #1205	Vehicles for Various Departments	
Project	This project consisted of soliciting bids from various vehicle dealers for the purchase of growth and replacement vehicles for the district departments.

RFP # 1214	Walk Through Thermal Body Temperature Scanners	
Project	This project was conducted in order to purchase bundled thermal scanner configurations into one mobile unit for use at sizeable WCS events and in our larger schools. These scanners are being purchased to accommodate tracking several persons temperature at a time, scanning their foreheads and displaying a body temperature. These units were purchased to help prevent and reduce the spread of COVID-19 at WCS school functions and events.

2M Technology		
Awarded	This project was an RFP (Request for Proposal) several companies submitted proposals, however some did not meet the desired specifications of the equipment needed by WCS. An evaluation team of WCS Staff Members performed their due diligence on all submitted proposals. The team determined the 3 lowest and best overall proposals, those bidders were asked to perform an on line demonstration for the evaluation team. After the online demonstrations were complete the panel choose Eversafe as the most overall responsive, competitive and best product proposal.
