

WCS Building Entry for the 2021 - 2022 School Year

The following table provides specific guidance for Parents/Guardians and Students on building entry requirements during COVID-19 pandemic.

Self-Health Screen before leaving home	<p>-Parents/Guardians should always follow the WCS Illness Guidelines, found on the WCS website.</p> <p>- Parents/Guardians should conduct health screening(s) on their children before sending them to school.</p> <p>- This includes taking their temperature and assessing for the following COVID-19 symptoms:</p> <ul style="list-style-type: none"> • Have you been in close contact with a person with a confirmed diagnosis of COVID-19? • Have you had unusual cough or shortness of breath? • Have you had a sore throat or other flu-like symptoms? • Have you had a fever of 100F or greater in the past 72-hours? • Have you had new loss of taste or smell? • Have you had vomiting or diarrhea in the last 24-hours? <p>If they answer 'yes' to any of the above questions, or have a temperature of 100F or higher, then please keep them home and seek medical attention, as necessary. Please assist your younger children in how to answer these questions once they get to school.</p>
Once at School	<p>- Upon arrival at school students will go through health screening conducted by staff. Their temperature will be checked with a no touch thermometer, and they will be asked to answer the above six COVID-19 symptoms questions. Any student who does not pass this screening will be kept in the isolation room under the care of staff until you can be contacted to pick-up your child from school.</p>
During the day	<p>- Staff will report any observed symptoms in students during the day to the school nurse. The school nurse will determine if any symptoms are present and, if so, to contact you to pick-up your child.</p>
WCS Illness Guidelines for return to school	<p>Please see the WCS Illness Guidelines.</p>
