Finding the WCS Online Subject Review Materials -High School

Schoology is the Learning Management System for WCS Online Courses. This is where you will access coursework, submit assignments, and interact with your teachers and your classmates. These directions will help you find review materials for your subject area course. Please note you will have a course tile for ELA and Math. We recommend using your WCS issued Chromebook because you will automatically be signed into Chrome and your Myplace account to access district documents.

Select the Schoology icon from your Classlink Dashboard.	S
If you have not yet completed this step from the Schoology Orientation, please complete the linked steps to connect your Google Drive in Schoology.	Connect to the Google Drive Resource App
This is your Schoology Dashboard. Select <i>Courses.</i>	WILLIAMSON County Schools COURSES GROUPS
Select the <i>subject tile (either ELA or Math)</i> to start that content area review.	WILLIAMSON County Schools COURSES GROUPS RESOURCES TOOLS COURSES COURSES Image: County School Schol School School School School School Schol
Folders for the course will be visible. Select the <i>appropriate course folder</i> to open it. This example shows the HS Math course options.	All Materia Algebra I Geometry Algebra II Precalculus Calculus Calculus Statistics Bridge, SAILS, Applied Math Modified Math Curriculum
Select the <i>materials</i> in the folder to open them. Use the scroll bar to move the document up and down.	Review Material for Statistics
