2020 - 2021, Sixth Grade, Social Studies, Quarter 1

Students begin a survey of world history and geography by studying the Foundations of Human Civilization, Ancient Mesopotamia, and Ancient Israel. This course follows T.C.A. § 49-6-1005 on inclusion of religion for educational purposes and T.C.A. § 49-6-1011 on embedding historical primary sources. Furthermore, Federal Mandate 36 U.S. Code § 106 and Freedom Week TCA § 49-6-1014 are part of quarter one instruction.

C-Culture, E-Economics, G-Geography, H-History, P-Politics/Government, T-Tennessee
Ancient Mesopotamia (c. 3500-1700 BCE)

6.05 Identify and locate geographical features of ancient Mesopotamia including: (G)
Black Sea
Euphrates River
Mediterranean Sea
Persian Gulf
Tigris River
Zagros Mountains

6.06 Explain how geographic and climate features led to the region being known as the Fertile Crescent. (G, H)

6.07 Explain how irrigation, silt, metallurgy, production of tools, use of animals, slave labor, and inventions such as the wheel, sail, and plow led to advancements in agriculture. (C, E, H)

6.08 Analyze how advancements in agriculture in Sumer led to economic growth, expansion of trade and transportation, and the emergence of independent city-states. (C, E, G, H, P)

6.09 Explain the basic concepts of monarchy and empire and identify Mesopotamia as the regional location of the world’s first empire. (G, H, P)

I can identify the basic components of civilization and explain how they contribute to the development out of a primitive state, including:
culture
government
religion
social structure
stable food supply
technology
writing

I can show and map geographic features surrounding ancient Mesopotamia, including:
Black Sea
Euphrates River
Mediterranean Sea
Persian Gulf
Tigris River
Zagros Mountains

I can summarize how the geography and climate led to the region referred to as the Fertile Crescent.

I can describe the effects of different inventions and systems that helped to develop advancements in agriculture including irrigation, silt, metallurgy, production of tools, use of plants and animals, slave labor, and inventions (the wheel, sail, and plow).

I can create a sequence to show the agricultural advancements in Sumer and explain the effects of each, including economic growth, expansion of trade and transportation, and the emergence of independent city-states.

I can define the basic concepts that make up a monarchy and empire and name Mesopotamia as the location of the world’s first sustained empire.
6.10 Explain the concept of polytheism and its presence in Mesopotamia, with respect to beliefs about the relationship of deities to the natural world and their importance in everyday life. (C, H)

6.11 Identify the important achievements of the Mesopotamian civilization, including cuneiform, clay tablets, and ziggurats, and identify the *Epic of Gilgamesh* as the oldest written epic. (C, E, H)

6.12 Analyze the impact of the introduction of written law in the Code of Hammurabi and explain its basic principles of justice. (C, E, H, P)

Ancient Israel (c. 2000-500 BCE)

6.20 Identify and locate geographical features of ancient Israel, including: (G)
- Dead Sea
- Jerusalem
- Jordan River
- Mediterranean Sea
- Red Sea
- Sinai Peninsula

6.21 Describe the development of the ancient Israelites and explain the reasons for their movements from Mesopotamia to Canaan (later called Israel), from Canaan to Egypt, and from Egypt back to Canaan. (C, G, H, P)

6.22 Describe the origins and central features of Judaism: (C, G, H, P)
- Key Persons: Abraham, Moses
- Sacred Text: *The Tanakh* (i.e. Hebrew Bible)
- Basic Beliefs: monotheism, Ten Commandments, emphasis on

I can define polytheism.
I can cite evidence of the beliefs about the relationship of deities in the natural world and their importance in everyday life in Mesopotamia.
I can identify the important achievements of Mesopotamian civilization including the development of cuneiform, clay tablets, and ziggurats.
I can name the *Epic of Gilgamesh* as the oldest written epic.
I can cite textual evidence to show the introduction of the rule of law, presumption of innocence, and a modern take on judicial procedure (e.g. provide evidence/witnesses in a dispute) in the Code of Hammurabi.
I can also show how these Code of Hammurabi principles are reflected in the *U.S. Constitution*. Federal Mandate 36 U.S. Code
I can show and map geographic features of ancient Israel, including:
- Dead Sea
- Jerusalem
- Jordan River
- Mediterranean Sea
- Red Sea
- Sinai Peninsula
I can map the migrations of the ancient Israelites and explain the reasons they moved from Mesopotamia to Canaan, from Canaan to Egypt, and from Egypt back to Canaan (later called Israel).
I can identify the roles of Abraham and Moses and describe their contributions in developing the Hebrews into a nation of people later referred to as Israelites.
### 6.23 Identify the importance of Saul as the first king of Israel, David as the second king who founded Jerusalem as the capital, and Solomon as the third king who built the first temple. (C, G, H, P)

### 6.24 Summarize the breakup of the Kingdom of Israel, Babylonian captivity, and the return of the Jews to their homeland under the Persian Empire. (C, E, G, H, P)

I can cite textual evidence from *The Tanakh* (Hebrew Bible) to describe the central features of Judaism, including:
- monotheism
- the Ten Commandments
- individual worth and personal responsibility

I can compare the roles and major contributions of the kings of Israel, including:
- Saul as the first king
- David, second king, founded Jerusalem as the capital
- Solomon, third king, built the first Temple

I can outline key events that led to the breakup of Israel into two kingdoms: Israel (Northern Kingdom) and Judah (Southern Kingdom), including:
- destruction of the Northern Kingdom (by Assyria)
- people of Judah become known as the Jews
- Babylonian captivity under Nebuchadnezzar II (New Babylon)
- Jews return to their homeland under Persian Empire

I can summarize what led to the capture of the Jewish people and the outcome of their time spent in Babylonian captivity.

I can describe what led to the return of the Jews to their homeland under the Persian Empire and explain the impact on the ancient Jews, including:
- destruction of the first Temple
- the end of Babylonian captivity
- Cyrus the Great granting permission for the Jews to return
- the rebuilding of the second Temple in Jerusalem

---

**2020 - 2021, Sixth Grade, Social Studies, Quarter 2**

<td>● significance of the discovery of Tutankhamun’s tomb on the understanding of ancient Egypt (Valley of the Kings)</td>
</tr>
</tbody>
</table>
6.18 Analyze the achievements of ancient Egyptian civilization, including: hieroglyphics, papyrus, and the pyramids and Sphinx at Giza. (C, E, G, H)

6.19 Examine the cultural diffusion of ancient Egypt with surrounding civilizations through trade and conflict, including its relationship with Nubia. (C, E, G, H, P)

Ancient India (c. 2500-400 BCE)

6.24 Identify and locate geographical features of ancient India, including: (G)
- Ganges River
- Himalayan Mountains
- Indian Ocean
- Indus River
- monsoon winds
- subcontinent of India

6.26 Explain the emergence of the Harappan civilization in the Indus River Valley as an early agricultural civilization, and describe its achievements, including: (E, G, H, P)
- Architecture built with bricks
- Arranging roads into a series of grid-systems
- Sanitation and sewer systems

6.27 Describe the social structure of the caste system and explain its effect on everyday life in ancient India. (C, E, H, P)

I can examine and recognize ancient Egyptian artifacts and identify the lasting impact of these ancient achievements had on Egyptian civilizations, including:
- hieroglyphics
- papyrus
- the pyramids and Sphinx at Giza

I can define cultural diffusion and summarize changes within and outside of ancient Egypt that resulted from cultural diffusion with surrounding civilizations through trade and conflict.

I can show and map geographical features surrounding ancient India, including the Ganges and Indus River, Himalayan Mountains, Indian Ocean, monsoon winds, and the subcontinent of India.

I can explain how the Harappan civilization emerged in the Indus River Valley as an early agricultural civilization.

I can describe the achievements of the Harappan civilizations, including architecture built with bricks, arranging roads into a series of grid-systems, sanitation, and sewer systems.

I can create a visual representation of the social structure of ancient India and explain the effect the caste system had on everyday life.

I can identify the origins of Aryan traditions and explain the influence they had on central features of Hinduism.

I can identify the central teachings of The Vedas and summarize the key features of Hinduism which came from this sacred text.

I can define dharma, karma, reincarnation, and moksha, and identify their role to Hinduism.
6.28 Describe the origins and central features of Hinduism: (C, G, H, P)
   ● Key Persons: origins of Aryan traditions
   ● Sacred Text: The Vedas
   ● Basic Beliefs: dharma, karma, reincarnation, and moksha

6.29 Describe the origins and central features of Buddhism: (C, G, H, P)
   ● Key Person: Siddhartha Gautama (Buddha)
   ● Sacred Text: Tripitaka
   ● Basic Beliefs: The Four Noble Truths, The Eightfold Path

6.30 I can identify the long-lasting intellectual traditions that emerged during the late empire of ancient India, including: medical education, medical techniques, and mathematics (e.g. Hindu-Arabic numerals). (C, E, H)

I can create a narrative description of the life of Siddhartha Gautama (Buddha) and explain the influence his teachings had on central features of Buddhism.

I can identify the role of the Tripitaka for a Buddhist:
   ● rules for monks (discipline)
   ● teachings and meditation techniques
   ● songs and stories from the Buddha's life (higher knowledge)

I can summarize the Four Noble Truths and Eightfold beliefs and identify their importance.

I can explain the important ideas and achievements of the late empire of ancient India, including medical education, medical techniques, and mathematics, and describe the long-lasting impact.

2020 - 2021, Sixth Grade, Social Studies, Quarter 3

Students continue a survey of world history and geography by studying Ancient China and Ancient Greece. This course follows T.C.A. § 49-6-1005 on inclusion of religion for educational purposes and T.C.A. § 49-6-1011 on embedding historical primary sources.

Ancient Greece (c. 800-300 BCE)

6.39 Identify and locate geographical features of ancient Greece, including: (G)
- Asia Minor
- Athens
- Macedonia
- Mediterranean Sea
- Peloponnesian Peninsula
- Sparta

6.40 Analyze how the geographical features of ancient Greece, including its mountainous terrain and access to the Mediterranean Sea, contributed to its organization into city-states, role in maritime trade, and colonies in the Mediterranean. (C, E, G, H, P)

6.41 Examine the concept of the polis in Greek city-states, including the ideas of: citizenship, civic participation, and the rule of law. (C, H, P)

6.42 Explain the basic concepts of direct democracy and oligarchy. (C, H, P)

6.43 Explain the characteristics of the major Greek city-states of Athens and Sparta, including: (C, E, G, H, P)
- Advantages of each geographic location
- Approaches to education
- Practice of slavery
- Status of women
- Styles of government

I can find types of Chinese artifacts by pictorial representation and recognize its influence on objects present today.

I can show and map geographical features surrounding ancient Greece, including Asia Minor, Athens, Macedonia, Mediterranean Sea, Peloponnesian Peninsula, and Sparta.

I can recognize and describe how the geography in the region led civilizations of ancient Greece to organize into city-states and contributed to its role and methods in maritime trade and colonization throughout the Mediterranean.

I can define the concept of the polis and explain the role of citizenship and civic participation in ancient Greek city-states.

I can define the rule of law and distinguish its purpose.

I can relate the characteristics of Greek democracy which influenced the future of the United States system of government.

I can describe the political structures of direct democracy and oligarchy.

I can compare life in Athens and Sparta, including:
- advantages of each geographic location
- approaches to education
- practice of slavery
- status of women
- styles of government

in cultural diffusion throughout Eurasia, including the introduction of Buddhism into ancient China during the Han Dynasty.
